***RESULTS**

Results found are attached: Yes/No	A report/Librarian's summary of results is attached. Yes/No
---	--

Sourcing journal articles and literature: If you are unable to obtain literature online or from our print collection <Your Trust Name> Library services you may be able to obtain the full text articles for you through the document delivery scheme. Please contact <contact details> for further information.

Disclaimer: Searching the literature retrieved the information provided. We recommend checking the relevance and critically appraising the information contained within when applying to clinical decisions. Every effort has been made to ensure that the information supplied is accurate, current and complete. However for various reasons it may not represent the entire body of information available. No responsibility can be accepted for any action taken on the basis of this information.

Your feedback/comments: To evaluate the impact this service has on both the learning and development of staff at the Trust and ultimately, on patient care. We would be very interested to know if this information has been of use to you in your daily practice. Please feel free to telephone <your name> on < your ext.> or email directly at < your e mail> with your comments. Receiving your comments will help towards the continuous improvement of this service.
