3	<p>ANY OTHER BUSINESS</p> <p>VT has been involved with critical care including participating in ward rounds at Wirral UTHNFT. She has received funding from healthcare NW for a research study starting in January. This research study will take place over a couple of months, asking staff about their information needs and how this could feed into ward rounds and MDT meetings. Additionally patients will be asked about their information needs for intensive care.</p> <p>PT/GY mentioned about acknowledgments for our work in research especially the part we play in literature searching. More effort should be put into receiving acknowledgements. GY suggested a form for acknowledgments. FW said attempts could be made to push for author status. RM said we should become more assertive about this.</p>	<p>VT happy to cover this in more depth at a later date – ET/PT to add to September agenda</p> <p>Examples of acknowledgments, or forms for acknowledgment requests to be sought – ET/PT to add to June agenda</p>
