

We're not just about books!

**Supporting tissue viability
nurses**

Jane Roberts and Rebecca Stansfield

Why were we approached?

- Successful link ups with tissue viability team in relation to dressing formulary review
- Use of literature searching service by tissue viability team
- Appreciation and understanding of resources and services provided by Library and Knowledge Service (LKS)

Dyson didn't invent hoovering....

...he just made it easier

If you build it they will come!!

Right setting, Right content

CHECKLIST

How we selected resources

- Consideration of target audience:
 - Abilities
 - Staff grades
- Relevance
- Accessibility
- Interactivity

Create customer delight!!

Hands-on activities

A neon sign with the words "QUIZ" and "TIME" stacked vertically. The sign is composed of glowing tubes in cyan and magenta. The word "QUIZ" is in magenta, and "TIME" is in cyan. The sign is framed by a cyan border that has a pointed bottom-right corner. The background is a dark brick wall.

QUIZ
TIME

Excellent course & excellent teachers. Really useful & fun. Plus they knew how to handle me. Ross Duggle

- Very informative
- Interesting
- Enjoyable

Thanks !!

Very informative and fun at the end. Made the session interesting.

Clinical skills
Not scary anymore

FEEDBACK

Session was interesting + informative & very interactive.

Very informative teachers made sure we understood what we were doing and how to do and search for the things we needed. I will be looking for more information on tissue viability.

I would use the clinical skills - not the most for teaching. I enjoyed the more practical part of the session.

Very informative and useful as I am starting my mentorship course 3/11/17. So will be using library to help my students.

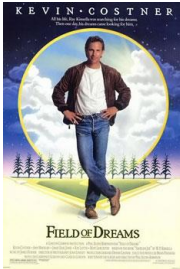

What Next??

Key Messages

Utilise existing programmes and contacts

Right setting, right content

Relaxed hands-on session builds strong, supportive relationships
