Feedback from library users

“Good to have a social event, we re-joined the library too”

“Guilt free healthy snacks on an otherwise difficult day. Brightened it up to have an unexpected treat.”

“I really enjoyed the smoothies and even managed to win the prize which obviously made my day! I think these ideas the library do for students are great: the puzzles, colouring, healthy fruits as snacks, chargers. We really do appreciate them, so thank you!”

“Enjoyed my visit to the Library (I work at the other end of the hospital so don’t usually have time at lunch to visit). Found the Library relaxing and welcoming with helpful staff.”

#BookFaceFriday

A close-up photograph of a dog, likely a Weimaraner or similar breed, sitting on a grassy lawn. The dog has a white chest and muzzle, with black and tan patches on its face and ears. It has large, floppy ears and is looking directly at the camera with a wide, happy smile, showing its teeth. The background is a soft-focus green lawn.
