

THERE IS INCREASED CAPABILITY, CONFIDENCE AND CAPACITY WITHIN THE LIBRARY AND KNOWLEDGE SERVICE (LKS) WORKFORCE

April 2019 - September 2019

12 HCLU provided development activities attended by over 300 LKS staff from across the north

Over 40 LKS staff from across the region attended Health Literacy Awareness Training

Over 50 northern LKS staff delivered a presentation, workshop or poster at the 2019 It's Great Up North event

Review of **LKS staff library** completed. Stock will be moved to a single site and ebook provision will increase

"It's Great Up North was superb. I was a first-timer and was made to feel welcome by both the organisers and everyone attending. It was a really relaxed environment and a fantastic programme, with plenty of useful sessions to go to. The sessions were all the right length, and very inspiring! It was great to be able to meet colleagues from across the North to network and exchange ideas. A job well done to everyone on the planning group! Thanks for a great event!"

HCLU staff have worked with LKS across the north to appoint new members of staff

HCLU staff have delivered training on the **Quality and Improvement Outcomes Framework**

"I'm enjoying my role and part of me is sad that I'm over halfway through! Over the past months I've attended a great mix of meetings, It's Great Up North and CILIP Conference. Everyone has been welcoming, encouraging, and helpful. I'm so glad I started my career in this sector."
HCLU funded Graduate Trainee with Greater Manchester Mental Health and Cheshire Wirral Partnership

The first cohort of students have signed up to the Introduction to Health Librarianship module, developed in partnership by Manchester Metropolitan University and HEE LKS staff, delivered as an elective component of the **MA in Library and Information Management**

Forthcoming Events for October 2019 - March 2020

Regional Network Christmas Study Days

Library Assistant Study Days
