#TopTips:

- Mark floor for presenters
- Have screen in front for presenters
- Get an extra long HDMI cable

CEO Live Streamed Team Briefing

Team Brief (November 2019)

Need help?

NHS
Mid Cheshire Hospitals
NHS Foundation Trust

Team Brief / November 2019
James Sumner, Chief Executive

*"Previous feedback on engagement events has included that they can be restricted to those who happen to be based at our main hospital site, and that they're not always convenient for our frontline colleagues. Susan and her team have provided the support and equipment to ensure that our new CEO event (Team Brief) is available to all and, due to the ability to live stream as well as record the event, at a time that suits them." **Jonathan Forrester***

#TopTips:

- Have a stable Wi-Fi connection
- Invite attendees prior to event & pre-load activities

Regional CMT / IMT Teaching

25 October 2019

Collman Steve (RBT) Mid Cheshire Tr 25/10 09:44

Hammersley Shirley (RBT) Mid Cheshire Tr Huntbach Liz (RBT) Mid Cheshire Tr Mark Roberts (Guest) tomilayoejedenawe (Guest) **Smith Susan (RBT) Mid Cheshire Tr** I've added the recording of the Live Event to the webinar tab at the top - the teaching starts at around the 22.13 mark. For some reason the video didn't record, though the audio did - apologies for that. I've also added captions to it, though they need tidying - which I'm working on. I'm also going to work on generally improving things for next time.

Huntbach Liz (RBT) Mid Cheshire Tr 25/10 11:10

thanks not sure if I want to hear myself on play back !! Thank you for your help with this

“Susan and Steve provided a software based solution in streaming mandatory regional teaching for our internal medicine trainees. Due to the distance and time involved in travel, our trainees were able to join the event and return to work immediately afterwards.”
