LEEDS
LIBRARIES
for HEALTH

- Welcome!
- Housekeeping
- We're here to celebrate the great work that is already in place
- Recognising that although our services are all different, we face similar challenges ...

Our vision

NHS bodies, their staff, learners, patients and the public use the right knowledge and evidence, at the right time, in the right place, enabling high quality decision-making, learning, research and innovation to achieve excellent healthcare and health improvement.

Public and patient involvement

Research shows that patient satisfaction is linked to the quality of information. Healthcare library and knowledge services will strengthen working partnerships with key stakeholders to enrich the information offered to patients and carers, to enable people to better manage their health and wellbeing and make fully informed decisions about their treatment and care.

The importance of the public, patients and carers having the right knowledge and evidence, when and where they need it, is a significant element of the HEE vision.

- LLIS Partnership Group
 - Partnership working – but only a limited number of people can attend that
- Today is your opportunity to network, catch up with colleagues, get to know new people, learn what other services do, learn from each other

- We do have an agenda for today
 - Very informal
 - Timings are flexible
 - Don't forget to drink tea!
 - No feedback to the whole group
 - No roleplay
- Just please join in, make the most of the day, and enjoy!
